He was from richmond one of the sickest places in the bay  
Nah he was from oakland, fresco, berkley round that wack  
Over there by delagram, nah over there by ashmond  
Why did they find his body in fairfield, don't ask me  
A neighbourhood mvp, programmed to go  
But everybody in the bay knew he had it comin though  
His mama was a hoe his daddy on blow  
Neva went to church so he neva had a soul  
But this is just an example of how tha shit go  
But that's during sacramento, stacked in that Tracy Pennell Pittsburgh  
Anne hack in the white house  
Northern california west coast to the death  
They call me 40 water, holy water on my chest  
From the hillside to crest they say my city is a mess  
One minute the babies born, next minute he laid to rest  
Law enforcement under staffed we put the police to the test  
A nigga die with two thumpers on him first time he wore a vest  
That's why

Move mean, move mean, move mean  
Move mean, move mean, move mean  
Move mean, move mean, move mean  
Move mean, move mean, move mean

I'm out here right where the knocks at  
Got the 40 Glock, cocked in my jock strap  
Tinted windows round here, betta park that  
I don't play a put one in ya hard hat  
I'm two slick diggs quick to move  
When I get in a nigga's ass I got shit to do  
Playa slash coach I call the shots  
And just like the roach I know all the spots  
I'm all in the attic and under the house  
I'll wake ya ass up with a gun in ya mouth  
I switch cabs, cars and buses  
Might work a neck brace or borrow some crutches  
I come through limpin, hoppin and bustin  
Can't find who I'm lookin for I'm poppin his cousin  
Shit gettin funky I'm the talk a the town  
Hits anything movin and knockin it down

Move mean, move mean, move mean  
Move mean, move mean, move mean  
Move mean, move mean, move mean  
Move mean, move mean, move mean

Money being made that's why they hate me  
In the lab cooking looking like a bakery  
Fat nigga clean, lookin like a millions
