

Uhh, tell the bitch back it back
Fuck in the car you can't come to the pad, woo
Tell that bitch, yeah relax
Dick, dick so good, bitch I might charge a tax, woo
Park the coupes, back to back
30 in this clip, put your head in your lap, ooh
So broke boy relax, only speaking facts bruh relax, I'm out
Wah, relax, bitch, relax, wah, bitch
Broke boy relax, only speaking facts bruh relax, I'm out
What

Errytime you see me, I be on something
Hit your slut, bust my nut then I be gone
Triple phone, [?] above your word

Gold legged jersey, push it through a layer
Bitches good and they bad, can't enable
All of them are bangers, only bosses at my table champ
She only fuck because I'm up and I'm OK with that

Tell the bitch back it back
Fuck in the car you can't come to the pad, woo
Tell that bitch, yeah relax
Dick, dick so good, bitch I might charge a tax, woo
Park the coupes, back to back
30 in this clip, put your head in your lap, ooh
So broke boy relax, only talking facts bruh relax, I'm out
Wah, relax, bitch, relax, wah, bitch
Broke boy relax, only speaking facts bruh relax, I'm out

Rule of thumb, never leave your crib without your gun
Back a sucker up with the drum, whip out on him with the cinnabon
Let that bitch know you ain't the one
Affirmative action, nah bitch affirmative Maccas
Stay up packing a yistol, I fry your head like a pickle
For being fried you a frickle and pillow talking the brizzels
I want the quick dollar, ho, bitch I don't want the slow fucking neck
Never reveal your fortress, make them think that your nervous
Not knowing you're active duty, more guns than the service
Real life's not a movie, don't be no clown in a circus
This bitch is a cutie, she want me all in her cervix
I told her I'm tipping, but she insist that I not
I told her I'm married, she told me she just want to watch
My car painted cherry, got candy-paint on my box
I be drinking too heavy, prolly need to detox

Tell the bitch back it back
Fuck in the car you can't come to the pad, woo
Tell that bitch, yeah relax
Dick, dick so good, bitch I might charge a tax, woo
Park the coupes, back to back
30 in this clip, put your head in your lap, ooh
So broke boy relax, only speaking facts bruh relax, I'm out
Wah, relax, bitch, relax, wah, bitch
Broke boy relax, only speaking facts bruh relax, I'm out
What
