

Uhh...

What'chu wanna say, what'chu wanna do  
Now that you're, comfortable, time to show and prove  
Show and prove - on just how, you spend, your day  
Show and prove

Uhh, "Heavens to Merkatroid!"  
We go back like the video game Asteroids  
You knew me when me and my boys was D-boys, runnin from the Elroys  
Flamboastin and sidin and slidin candy toys  
I was doin my time  
Name ringin like a, tambo-rine  
You used to see me strikin down the boulevard  
Wonderin what it take to get off in my car  
Well I thought about it, and I sat back and told myself  
And I said to myself, "Hold on playa she's a sharp-ass broad!"  
Sharp- cleaner than a can of Lysol  
Raw, tightest thing I ever saw

Uhh, you make my life complete; you got my back like a car seat  
You don't need no makeup ma, you look good when you sleep  
You never threw in the towel when your boy was out of order  
When I got popped with that yola, financial disorder  
Marbles at a standstill, barely payin the light bill  
But you stuck with a player, cause you f'real f'real  
Without a motherfuckin question  
Cause see me without you, is like salad without dressing  
I recognize my blessings - you gotta understand  
I can - look through muddy water, I can - see dry land  
I can tell tall timber, from tiny brush  
Promise to claim my child, if the rubber bust

It's a beautiful thing when you, play right  
and you find the same one besides  
When you feel the same feeling that you felt so many years ago  
With you I'll spend the rest of my life  
Don't ever forget just cause you die  
Once you die we can never go away  
I'll put in work, cause I know our love is worth it  
That's how I wanna spend my days

Cause your loving is ..truuuuue  
(The way I talk you know it's) ..truuuuue  
(The way I walk you know it's) ..truuuuue  
(Me and you we so) ..truuuuue
