

## Straight To the Point

E-40

I'm having my paper, I'm having my mail  
It's Feezy G-Eazy and my nigga Ezale  
We live in California where the hustlers dwell  
Where they play with the K's and digital scales  
Some pop pills, and some drink bo  
Some snort coke, and some smoke dro  
I put The Bay on my shoulders a long time ago  
Way before Tell Me When To Go  
Old heads, young dreads  
Housing authority, task force and feds  
Prepaid calls, rollers and kites  
Harley Davidson, scraper bikes  
Checkers and chess, cards and dice  
In the Bay Area all walks of life  
Samoans, Italians, Hatians and Asians  
Nigerian, Indian, Latin, Blacks and Caucasians

Straight to the point when it's 'bout the dough  
Straight to the point when it's 'bout your hoe  
Straight to the point so it's time to go  
(Sideways on my way to the liquor store)  
Straight to the point when it's 'bout the dough  
Straight to the point when it's 'bout your hoe  
Straight to the point so it's time to go  
(Sideways on my way to the liquor store)

Young Gerald quarterback on 40  
The way that some of these other rappers be acting is corny  
Taking your girl home and I'm smashing her surely  
Hit twice, dip out and head back to the party  
5 drinks then I might be on, I'm with global icons who put hyphy on  
At the party on one off a bottle of Earl  
Young Gerald gets a lot of the pearl  
Yeah, it's not an accident, and I'm super sic with it  
I dream, I do it, I did it, went to the coupe from the Civic  
Got your girl on my line, she sick, I'm doing a minute  
I do the most and get going as soon as I hit it  
Yeah, aye, this is history here  
Take 'em all back '06 is the year  
Back when The Bay told 'em all when to go  
'Bout to change the game again, and that's all you should know

Straight to the point when it's 'bout the dough  
Straight to the point when it's 'bout your hoe  
Straight to the point so it's time to go  
(Sideways on my way to the liquor store)

Me, G and E four-o  
Hook was just saying I'm the next to blow  
Getting money fast and professional  
With the town on my back cause I rep the O  
No it's never been an issue, smoking up in here  
We in a non-smoking venue, no stop I continue

I keep getting calls, from your broad  
And now she in a video, showing it off  
Nah, not me, not E A Z  
I beat the bitch down with the words I speak  
She offered me head, and she offered me money  
But I'm all about bread if you know Drug Funnie  
Balling like won't stop at a milli  
Cause I hated when my pockets was empty  
I borrowed the dough, doubled up the sale  
We use a long for the fishscale

Straight to the point when it's 'bout the dough  
Straight to the point when it's 'bout your hoe  
Straight to the point so it's time to go  
(Sideways on my way to the liquor store)
