Plush living, luxurious lifestyle
You bound to see me at Del Friscos or even Golden Corral, uh
Moon-ballin', no stallin' or hesitation
Ain't no cap or no boundaries to this bacon that I'm makin' (Yeah)
Big move, block tested and hood approved
Up out the stomach of the trench where it's smirky and hella shrewd
Peon preventin', no sucka shit, I don't need it
When it come to gettin' yaper, my nigga, I'm undefeated
Spliff twistin', sippin' 'gnac with the homies
Remiscin' and hopin' my past don't come back and haunt me
Baller blockin', ain't never threw any salt
'Cause that ain't in my genetics, that ain't the way I was taught
Custom-fitted, I stay with the fly apparel
Yuppered up with the yammer, gotta keep your eye on the sparrow
Fuck what you hollerin', you hella weak
The lion never loses sleep over the opinion of a sheep (Bitch)

Broken English, I pop it and speak it fluent
Hella crafty with my lingo, I'm early, bruh, I ain't truant
Crunchin' numbers and breakin' bread with alliance
I'm an entrepreneur and I got it down to a science
Dealership stickers stay on when I leave the lot
I'm an investor in stock, buy crypto coins on Uniswap
Front Row 40, I'm havin' it, I ain't poor
I'm difficult to ignore when I'm courtside on the fl-uh-floor
One of one, they don't make 'em like this here fixture

I'm a different type of nigga, I'm real like Black field goal kickers
Not dinosaur but I'm current and I'm the guy
It's one of me in every city, real nigga until I die
Counterfeits, I don't like 'em, I'll tell you why
'Cause they be so full of shit that they start to look like a fly
To get some real money, it takes some practice
Gotta hustle forward, you can't be hustlin' backwards
