

## Waitin' On a Play

E-40

Waiting on a play, I need some motion  
Shorty super wet, she like an ocean  
Glance out the window when I'm coasting  
Get respect from Dubai to Oakland  
See I'm about my paper, real hustler  
Never worry about a hater or a busta  
I play the game how it's made to be played  
I ring bells from the Bay to the U.K

Waitin' on a play, I need some motion  
Got the joog on the pills and I ain't talking Motrin  
Tough skin like an alligator  
Fuck a hater, doing numbers on my calculator  
Smoking leprechaun flowers  
Getting higher than a cell tower  
Pushing a hard line  
Bosses drink wine  
Wrist on froze when it's sunny  
Whole team seeing money  
Always keep it solid, never acting funny  
Give it to you if I got it, you my homie  
Raised on the tarmac  
Predominately Black habitat  
Might wanna pack a gat  
Fuck around and get your shit pushed back

I'm all about my paper, real hustler  
Single parent, mama didn't raise a sucka  
Bank now but it used be small  
Broken towel racks and toilet tissue holders hanging off the wall  
A loaf of bread, a stick of butter and some milk  
Concrete the way me and brother and them was built  
Eager and ambitious, hoe  
For real street niggas though (UH!)  
Ave animal  
If it ain't about money, it ain't tangible  
If you ain't talking dollars, you can't holla  
I don't owe a fucka shit, I'm not your father  
I started with a half a zip  
Worked my way up to a whole kick  
A kick mean a brick, a brick mean a block  
Throw it in the pot

Waiting on a play, I need some motion
