

When You Gone Let Me

E-40

Talkin a few weeks
Look now look
I only got one question I wanna ask you

Now we been talkin a few weeks
Been texting back and forth
Even on instagram I talk shit
I even liked all yo pics
When you goin let me fuck (fuck fuck fuck)
When you goin let me fuck baby
When you goin let me fuck (fuck fuck fuck)
Ugh when you goin let me fuck
When you goin let me fuck (fuck fuck fuck)
I got to let you suck my baby
I even got your girls in the club
When you goin let me fuck (fuck fuck fuck)

How much longer I gotta wait
I'm used to fuckin on the first date
When you goin let me pound that cake
When you goin let me penetrate
Demonstrate you what am about
You bad but you look betta with my dick in ya mouth
Ugh
We been kicked it got twisted and lifted higher than orbit
I let you hit my weed and smoke my cookies and sherbet
Not so much you bleed but now your period is over
I could swear I wanna speed it like a nascar motor
If you suck me dry I just might eat the Y
Make you feel so good you wanna cry
Look you in the eye let you put your hand on my head
Got you begging for this dick like Al Bundy had pigs

Now we been talkin a few weeks
Been texting back and forth
Even on instagram I talk shit
I even liked all yo pics
When you goin let me fuck (fuck fuck fuck)
When you goin let me fuck
When you goin let me fuck (fuck fuck fuck)
We been talkin for weeks sweetheart
When you goin let me fuck (fuck fuck fuck)
Uhuh when you goin let me
I got to let you suck my baby
I even got your girls in the club
When you goin let me fuck (fuck fuck fuck)

A little dinner don't mean nothin to me
The best restaurants shorty what you wanna eat
A lot a smiles can't stop laughing
With no kissin and no ass grabbin
Nothing wrong with being friends first
Stick it in, it hurts you like to tease and flirt
I like to pull up skirts to make bitches squirt
I don't drag my dick in the dirt bitch
I'm a playa from the jump you a punk bitch
Goin my phone and delete your number bitch

If you come round here with that dumb shit
I don't wanna hit and you ain't gotta run bitch

Now we been talkin a few weeks
Been texting back and forth
Even on instagram I talk shit
I even liked all yo pics
When you goin let me fuck (fuck fuck fuck)
When you goin let me fuck (fuck fuck fuck)
When you goin let me fuck (fuck fuck fuck)
