I'm havin' my mathematics, packin' them semi-automatics  
I was born to be a savage from the cradle to the casket  
I'm cut from a different fabric, not no vinyl or no plastic  
I ain't at the airport (but what?) but I'm getting to the baggage  
At the outdoor shooting range is where I practice my science  
Tryin' to apply for my CCW license  
The rifles I bust is for hunting wildlife and bison  
The people I trust are my family, kids, and my wife  
And most of you niggas fakes  
See right through you suckas like Christmas wrapping tape  
Open you up tryin' to run up in my estate  
Try your luck, meet your fate  
Get cut down like a Wagu steak  
Put some holes in your face just like a wrought iron gate  
I don't let grass grow up under my feet, I stay bustin' patterns  
I could stay like a license plate at a bar or a tavern  
These bitches be on me, they like the way I finesse  
The way that I carry it and the way that I dress... BIATCH!
