Hit the brake, then you punch on the gas
Fog it up, bang on they bitch ass
Give it up, act a muthafuckin' fool
Ape shit, pack a muthafuckin' tool
Extended clip introduce you to the Reaper
I got hammers that'll stick ya and they'll sleep ya

Not no bunters, they'll finish what they start (BIATCH!)

Acting just like a pussy, a vaginal
That's the way they be switching up, I don't condone it
If you a bitch, you a bitch, own it
I'm a Cali boy, hoe, I thought that you should thought
Live on the edge on the San Andreas Fault
Being a sucker ain't the way that I was taught
You woulda thought it was a food fight the way they throwing salt
If I keep moving this fast, I'll probably get a ticket
I'll give you a joog, a bargain like the Garment District
