Getting By (I'm Good)

E-dubble

Oh shit

When the five roll up and they saw that J
But its not big deal 'cause away you stay
Say I'm good motherfucker (yeah)
Motherfucker I'm good (tryna fuck her)
When your girl act up in a public place
And you ain't got that much to say
Motherfucker I'm good, motherfucker what
Motherfucker I'm good, motherfucker what
Motherfucker go

Ay, let me take it from the top though (top though)
I'm the five man catch me in the high post (high post)
I'm the fire man catch me getting high though
Never see me stuntin' even if I won the lotto
I ain't playin' no lotto, I got a sure thing all in my bravado
They got a tax on the willing
They bring smack to the building
Then they wonder why we barely getting by though?
I be getting by though, I be getting by though
Is Iraq Chiraq, Pablo
Everybody movin' something, everybody movin' nothing
Everybody wonder how they getting by though?
How they getting by though? How they getting by though?
How they getting, how they, how they, how they getting by though?
They got a tax on the willing
They bring smack to the building
Then they wonder why we barely getting by though?

When the five roll up and they saw that J
But its not big deal 'cause away you stay
Say I'm good motherfucker
Motherfucker I'm good
When your girl act up in a public place
And you ain't got that much to say
Motherfucker I'm good
Motherfucker I'm good
Motherfucker go

I got the TV on with the sound turned off
No Danza, I'm the new boss
New stanzas, two hands up
Cold pen, like I'm the new frost
I'mma, hold up, find me in my habitat
Bloggin' like a motherfucker
Grabbing on that hourglass
My stopwatch like an hour fast
Living in the future but the future is an hour past
So we chop it up, move it out some
We be working hard for the fam and the outcome
Black Paisley, the story's never outdone
All we do is truth-tell, leave when it's not fun
All we do is win even when I'm at a loss
Onomatopoeia, fuckin' up these boss
Onomatopoeia, when I'm drivin' cars
Vroom, vroom, go fast

Duckin' in the Charger

When the five roll up and they saw that J
But its not big deal 'cause away you stay
Say I'm good motherfucker
Motherfucker I'm good (tryna fuck her)
When your girl act up in a public place
And you ain't got that much to say
Motherfucker I'm good, motherfucker what
Motherfucker I'm good, motherfucker what
Motherfucker go
