Baby Please Me

E-Rotic

Oh baby, please me with your love and lips
Oh baby, tease me with your sexy hips
Because I need it, I want you
And you can treat me as hard as you can
Please, please me with your tender hands
Don't you release me 'cause love never ends
The way you make it is super
And I will take it as cool as I can

Please, please me

I wanna know what is on your mind
And I want you to leave your dreams behind
What do I dell, what do I know
Whatever I do, I do it with you
Hey, it's in your head, it's in your heart
Together we happen for a brand new start
It's all or nothing. Baby, do me clue
What can I do for you?

Oh baby, please me with your love and lips
Oh baby, tease me with your sexy hips
Because I need it, I want you
And you can treat me as hard as you can
Please, please me with your tender hands
Don't you release me 'cause love never ends
The way you make it is super
And I will take it as cool as I can

Please, please me, aahh
Please me, aahh
Oh, please, give it to me, aaahhh, aaahh
Ah, ah, ah!
Oh babe, oh, ah!
Come on, give it to me
Aahh

I'm looking in your eyes
What do I see?
I'm looking sexy eyes you do to me
Gonna move around, gonna hit the ground
Babe, we're attached abound
Just tell this words, better then twice
Baby, what are you gonna do?
I need your advice
Baby, I wanna... do you wanna do?
What can I do for you?

Oh baby, please me with your love and lips
Oh baby, tease me with your sexy hips
Because I need it, I want you
And you can treat me as hard as you can
Please, please me with your tender hands
Don't you release me 'cause love never ends
The way you make it is super
And I will take it as cool as I can

Please, please me, aahh
Please me, aahh
Oh please... give it to me
Aahh, aaahh...

Oh baby, please me with your love and lips
Oh baby, tease me with your sexy hips
Because I need it, I want you
And you can treat me as hard as you can
Please, please me with your tender hands
Don't you release me 'cause love never ends
The way you make it is super
And I will take it as cool as I can

Please, please me
