

# Don't Go

E-Rotic

Don't go - don't go away  
Don't go - oh baby please stay

When we made love you touched my soul  
And I lost the power of selfcontrol  
Together  
It was like now or never  
I was addicted to your charmes  
When I was there lying in your arms  
Forever - yes more than just a word

Don't go - don't go away  
Baby please don't you break my heart tonight  
Don't go - oh won't you stay  
Cos I need you to hold me so tight  
Don't go - don't go away  
I cannot live without your tenderness  
Don't go - that's not okay  
Cos I found out that you are the best

Don't go - don't go away

I didn't know that love is more  
Than all of my dreams I had before  
We'll make it -  
Give me you heart I'll take it  
You are my angel in disguise  
And I feel the flames of passion rise  
I want you so much that I could cry

Don't go - don't go away  
Baby please don't you break my heart tonight  
Don't go - oh won't you stay  
Cos I need you to hold me so tight  
Don't go - don't go away  
I cannot live without your tenderness  
Don't go - that's not okay  
Cos I found out that you are the best

Don't go - don't go away  
Baby please don't you break my heart tonight

Don't go - don't go away  
Baby please don't you break my heart tonight  
Don't go - oh won't you stay  
Cos I need you to hold me so tight  
Don't go - don't go away  
I cannot live without your tenderness  
Don't go - that's not okay  
Cos I found out that you are the best

Don't go - don't go away  
Don't go  
Don't go
