

Heaven Can Wait

E-Rotic

Hoo
Hoo-hoo (Heaven can wait...)
Hoo-hoo
Hoo-hoo

Heaven can wait
Keep an eye on the sign
That your passion will find
At the end of the line
You caught me crying
Oh, that's no denying
While heaven can wait
Just get rid of the lies
Feel the beat of the fate
Make them comfort than drive
You caught me crying
Oh, that's no denying

While heaven can wait
Heaven can wait
Oh, you caught me crying
Oh, that's no denying
While heaven can wait!

Go for more, make it last
Get rid of yanking past
Simon, a frame of mind
Find out what your heart will find
Just break up the secret door
Take it all and go for more
Take the risk to win a fall
Your power can break the wall

Heaven can wait
Keep an eye on the sign
That your passion will find
At the end of the line
You caught me crying
Oh, that's no denying
While heaven can wait
Just get rid of the lies
Feel the beat of the fate
Make them comfort than drive
You caught me crying
Oh, that's no denying

While heaven can wait!
Heaven can wait!
Oh, you caught me crying
Oh, that's no denying
While heaven can wait!

Take a tough ride down the rough side
Change every reach to prime
You will never get forever
When you turn the grip to crime
Now is now, too late's too late

Find a way between love and hate
Try to be part of fantasy
Come on, make our dreams come true!

Heaven can wait
Keep an eye on the sign
That your passion will find
At the end of the line
You caught me crying
Oh, that's no denying
While heaven can wait
Just get rid of the lies
Feel the beat of the fate
Make them comfort than drive
You caught me crying
Oh, that's no denying

While heaven can wait!
Heaven can wait!

Hoo
Hoo-hoo
Hoo-hoo
Hoo-hoo
Heaven can wait!
