

Move Me Baby

E-Rotic

Move me baby...
Ohhh Ahhh Ahhh

Move me baby, move me higher
Feel my heart beat on in desire
Make my body get in motion till I cry

Now you are here, I feel you're near
And I know you're so sincere
I love you, it's all so clear
Hear you whisper in my ear
Forever is just a word
I know feelings sometimes hurt
Come closer, just close enough
Dancing is like making love
I wanna feel good, I wanna feel fine
And I wanna feel you are mine
Let's do it, do it again
Do it so hard like only you can do it
All night long, on and on and on and on
I want you and you want me
Move my body set me free

Move me baby, move me higher
Feel my heart beat on in desire
Make my body get in motion till I cry
Move me baby, move me faster
Get my daydreams out of disaster
I don't know if you'll succeed but you should try
Move me baby... Move me baby...
Aaaah, aaaaah!

Now I'm so hot, you're on the spot
And I want the whole damned lot
I need it, I need your touch
Oh I need it oh so much
Together we'll walk the line
Start it off from six to nine
Come closer, just close enough
Dancing is like making love
I wanna get high, I wanna get down
I'm your hero and your clown
Let's move it, move it so cool
It's the rule and we will follow our passion
All night long, on and on and on and on
I want you and you want me
Move my body set me free

Move me baby, move me higher
Feel my heart beat on in desire
Make my body get in motion till I cry
Move me baby, move me faster
Get my daydreams out of disaster
I don't know if you'll succeed but you should try
Move me baby... Move me baby...
Aaaah, aaaaah!

Move me baby, move me faster
Get my daydreams out of disaster
I don't know if you'll succeed, but you should try

Move me baby, move me higher
Feel my heart beat on in desire
Make my body get in motion till I cry
Move me baby, move me faster
Get my daydreams out of disaster
I don't know if you'll succeed but you should try
Move me baby... Move me baby...
Move me baby... Move me baby...
Move me baby... Move me baby...
