

Mr. Mister

E-Rotic

Mr. Mister caught me lying
And I don't even know your name
Mr. Mister, stop denying!
All you want is an all-night game

So, why not stay before you're gone?
Check in to heaven before you die
You gotta run to give up the pleasure for a lie
I'll tell you what
I wanna burn, make me explode
Baby, I need more to score, score, score, score

Mr. Mister caught me lying
And I don't even know your name
Mr. Mister, stop denying!
All you want is an all-night game

If you stay, you'll be swag
If you're swag, I'll come back
Don't go wasting your goods away
Don't be rude, 'cos you're cute
Loving you is tabooed
You keep leading my heart astray

Mr. Mister
Mr. Mister

Come back and stay until the night
Will make you go for the final sigh
For ecstasy; you can't use feelings on stand-by
To overdrive
You gotta try and lose control
Don't want that bore no more, more, more, more

Mr. Mister caught me lying
And I don't even know your name
Mr. Mister, stop denying!
All you want is an all-night game

If you stay, you'll be swag
If you're swag, I'll come back
Don't go wasting your goods away
Don't be rude, 'cos you're cute
Loving you is tabooed
You keep leading my heart astray

Mr. Mister
Mr. Mister

(Mr. Mister caught me lying
And I don't even know your name)
Mr. Mister, stop denying!
All you want is an all-night game

If you stay, you'll be swag
If you're swag, I'll come back
Don't go wasting your goods away

Don't be rude, 'cos you're cute
Loving you is tabooed
You keep leading my heart astray

Mr. Mister
Mr. Mister

Mr. Mister caught me lying
And I don't even know your name
Mr. Mister
