

# Queen Of Light

E-Rotic

Aaahaaaaahaaaaah  
Can you see me falling?  
Aaahaaaaahaaaaah  
Can you hear me calling you?

Shadows of pale pass by  
You've ready to sail and  
I will love you, forever  
You've tearing me down but why  
My daydreams are bound to die?  
I'll miss you, forever

Hear me!  
Queen of light help me through the night  
And deep inside missing links a hurting  
Queen of light tell me why away  
You hide there behind the curtain

Aaahaaaaahaaaaah  
Can you see me falling?  
Aaahaaaaahaaaaah  
Can you hear me calling you?

All that we had were lies  
We're ending with sad goodbyes  
The story is over  
Playing it cool, I'll try  
I'm breaking the rules and I cry  
I want you, forever

Hear me!  
Queen of light help me through the night  
And deep inside missing links a hurting  
Queen of light tell me why away  
You hide there behind the curtain

Aaahaaaaahaaaaah  
Can you see me falling?  
Aaahaaaaahaaaaah  
Can you hear me calling you?

Hear me!  
Queen of light help me through the night  
And deep inside missing links a hurting  
Queen of light tell me why away  
You hide there behind the curtain

Aaahaaaaahaaaaah  
Can you see me falling?  
Aaahaaaaahaaaaah  
Can you hear me calling you?
