

Rave Me Dave

E-Rotic

Rave me dave - till the end of the night
Come on be my slave - simply stay on my side
Surrender - panther
Dave by my slave love me tender (now)

I'll do everything for you
You take command i know it's true
I'm living - to make you feel
Everything's fake and nothing's real
Baby i'll give up - if you tell me
What to do and how i shall be
Baby you can put me in a cave
I'm your servant - i'm your slave

Rave me dave - till the end of the night
Come on be my slave - simply stay on my side
I'll take you - i'll shake you
Baby just don't let me break with you
Rave me dave - cos i'm crazy for you
Baby sex is safe - with a billy bam boo
Surrender - panther
Dave by my slave love me tender now
Oh come on rave me dave

I will kiss you everywhere
From your tiny feet up to your hair
I will - i will obey
Baby i'll listen to what you say
I know you're the best for me
I'm your lover can't you see
Feel me- i'm like a wave
Carry you on cos i'm your slave
