

## Skin to Skin

E-Rotic

Love to love  
Angels watching our hideaway  
You're all mine  
Here and now and then  
Love to love  
To the goddess of dreams I pray  
Again

Skin to skin  
I can feel you far deep inside  
Between love and sin  
We will find the eternal light  
We're juste skin to skin  
But I know you're my destiny  
Tonight

Heart to heart  
Tears are falling in ecstasy  
Baby meet me there  
At the rainbows end  
Feel me heart to heart  
Touch the silence of what will be  
Again

We are skin to skin  
I can feel you so deep inside  
Between love and sin  
We will find the eternal light  
We're juste skin to skin  
But I know you're my destiny  
Tonight

Soul to soul  
Let us fly to that unknown land  
Again

Skin to skin  
Skin to skin  
Skin to skin
