(Now that you know I'm your video starlet)  
(Now that you know I'm your video starlet)

Hearts cannot wait  
So, if you wanna share my love, don't be late  
I've got a vision how to please you on my knees  
I will match your livin' fantasy  
Press me to start  
I'll find the secrets that you hide deep inside  
And take you on a special ride if you like  
Yes I will be your one night's destiny

Touch me now  
Touch me now  
Touch me now  
(Tou-, tou-, tou-, tou-  
To-to-to-to-to-to-to-to)

Now that you know I'm your video starlet  
I'll be your toy; join me to heaven  
Follow my show, I'm your video starlet  
I know you know Ocean's eleven  
You gotta go and get the video started  
Just turn me on; turn to slow motion  
Try me, fly me, buy me - I'm your video starlet  
I'll be your slave, bound by devotion

Babe, can't you see  
I'll be just everything you want me to be  
You can seduce me, you can use me inside  
'Cause I'm the touch screen for your needs tonight  
Taste me so deep  
So deep that I can feel the rise of the heat  
I wanna find out what you seek what you need  
Just let me be your heart to heart - Delight
