

Why

E-Rotic

Why, why don't you sleep with me tonight
I need your body by my side
Cause I'm so lonely, I could cry
Tell me why, why don't you sleep with me tonight
You got my heart so occupied
And left me feeling hot and dry

I wanna sacrifice myself
I wanna be your slave
I wanna give myself to you

I won't let you down
But tonight I'm not in town
I can't, but can't love you
But that's no reason to feel blue
I've got lots of doing
I can't sleep with you
Key to cool my love
Cause baby sometimes left my stuff

Why, why don't you sleep with me tonight, uh, uh

Dance, make feel the sound
Even though I'm not around
I had, I had to go
So please don't say it's a different show
You and even true but I can't sleep with you
And from six to twelve, just to do it by yourself

Why, why don't you sleep with me tonight, uh, uh
