

# You Hooked Me Up

E-Rotic

You hooked me up you hooked me up

I felt your skin and something  
Happened what I couldn't slay  
You took me suddenly from here  
To nowhere's land away  
Your look just made me boil  
And simply took my breath away  
I won't betray

You hooked me up  
A smile on your face  
I can't get away  
No big disgrace  
You hooked me up  
I feel I gotta stay  
No need to get away  
You hooked me up - you hooked me up

A smile on your face - I can't get away  
You hooked me up - you hooked me up  
I feel I gotta stay - no need to get away  
You hooked me up - you hooked me up

It was the smell of your perfume  
That threw me off from here  
I've tried to hide it but for you  
It was just simply clear

I couldn't take my eyes off you  
So just get closer here  
Get closer here

You hooked me up  
A smile on your face  
I can't get away  
No big disgrace  
You hooked me up  
I feel I gotta stay  
No need to get away  
You hooked me up - you hooked me up

A smile on your face - I can't get away  
You hooked me up - you hooked me up  
I feel I gotta stay - no need to get away  
You hooked me up - you hooked me up

Ooooh ooooh

You hooked me up - you hooked me up  
You hooked me up - you hooked me up
