Don't talk, not yet
I know what you're about to say

Look at me
Please, don't

Our home is here, it's us
We've been through worse
This can't be the end of us
So many things left undone

Don't leave
So much would collapse
Don't destroy us
It'll break you too
Don't, don't leave
Don't throw away our everything
Please, don't

What color are waves
White as snow when they break
Did you survive the drift okay
Still as a pebble, could you stay
In my small chimney, could you stay
Don't take away the name only you know
Useless magic
Detestable wildflowers
Stop, this isn't like you
Just stay
Stay here, don't go

There's no place like home
Don't destroy us
Don't break a heart into two
Don't, Don't leave
Don't throw away
Our everything
Please, don't

Don't you still love
I know it's not over yet
Don't say things you don't mean
I know you want me to hold you too

Stay here, don't go
There's no place like home
Don't destroy us
Don't break a heart into two
Don't, Don't leave
Don't throw away our everything
Please, don't

Don't leave
So much would collapse
Don't destroy us
It'll break you too
Don't
Don't leave
Don't throw away our everything
