

Falling

Eagleheart

Look at this flesh, it's just like a stone
you don't know what's inside
Innocent face and still seems so young
with frozen flame in his sight
You won't stop the falling into the arms of death

Now it's too late to go back in time
and stop the fatal clash
Always will be deep in your mind
like a darkest flash
You won't stop the falling into the abyss of fate

He'll never move but still alive
cutting his senses like a knife
just slow way to die
Deliverance from the empty space
and send his soul to better place
from the unfair world

Look at this flesh, it's just like a stone
you don't know what's inside
And all your dreams remained in past
forever blackout the light
You won't stop your falling into insanity

He'll never move but still alive
cutting his senses like a knife
just slow way to die
Deliverance from the empty space
and send his soul to better place
from the unfair world

He'll never move but still alive
cutting his senses like a knife
just slow way to die
Deliverance from the empty space
and send his soul to better place
from the unfair world
