Reverse

Eagleheart

So much for endless despair
Not here to waste my days
Would you reverse the damn message?

My heart is beating like hell
Only the time will tell
If I am worth to see my reflections

Now you see that I'm bleeding inside
A million tears lay behind
All what's right seems to be now disguised
Time to come back to life

Climbing the highest mountain
Each day I am closer to death but still alive
TODAY IS THE FIRST DAY OF THE REST OF MY OWN LIFE
I'm leaving the dark frames of mind

Bound by the sins I conceal
Some wounds are too deep to heal
I know I won't be the same but I'll move on
Now you see that I'm bleeding inside
Chasing shadows behind
All what's right seems to be now disguised
Time to come back to life

Climbing the highest mountain
Each day I am closer to death but still alive
TODAY IS THE FIRST DAY OF THE REST OF MY OWN LIFE
I'm leaving the dark frames of mind

OUT OF THE SHADOWS OF MY DOMAIN
THIS TIME I'M LEARNING FROM MISTAKES I'VE MADE
OUT OF THE WASTELAND INTO REVERSE
THIS TIME THE STORY WILL START AT THE END

Searching for shelter
From hands of blame
Some dreams will only remain a pleasure detained

Here I dwell in silence
Reveal yourself
All good and the pain
Will come back again

Solo: MJ

The pain that I've done can't be undone
No more will I burn my soul

Climbing the highest mountain
Each day I am closer to death but still alive
TODAY IS THE FIRST DAY OF THE REST OF MY OWN LIFE
I'm leaving the dark frames of mind

OUT OF THE SHADOWS OF MY DOMAIN
THIS TIME I'M LEARNING FROM MISTAKES I'VE MADE

OUT OF THE WASTELAND INTO REVERSE
THIS TIME THE STORY WILL START AT THE END

Per aspera ad astra

OUT OF THE WASTELAND INTO REVERSE
THIS TIME THE STORY WILL START AT THE END

Per aspera ad astra
