

i just want my 20s back

eaJ

Heard you started meds
Trying your best
But can you forget
All of your skeletons

Heard that you're mad
I don't understand
You and I both know
The reason that I really left

I know that it's all in the past
I'm not trying to tell you how to act
I know that it's not fair to ask
I don't want a penny back
I just want my 20s back

Started feeling heart attacks
They broke me down till I went mad
And I'm not blaming you for that
I don't want a penny back
I just want my 20s back

I'm not blaming you for that
I just want my 20s back

So much of it unsaid
I should leave it that way
Chalk it up as a couple bad days or a decade
I left so much of it silent

I don't want a penny back
I just want my 20s back"
