

# All I Need

Eamon

'Fore I met you I was searching through the dark  
Walking aimless down the road of empty hearts  
I was blind then, but now I can see  
All the while you were right in front of me

All I need, all I need, you and me

You got the best of me baby  
Never ever gonna let you go  
You're the one that gets me baby  
All I need, all I need, you and me

Yesterday I thought I'd never make it out  
Now I can't believe I ever had a doubt  
Electrifying, the vision is bright  
I was wrong until you came and made it right

All I need, all I need, you and me

Got the very best of me baby  
Never ever gonna let you go  
You're the only one that gets me baby  
All I need, all I need, you and me

You got the best of me baby  
Never ever gonna let you go  
You're the one that gets me baby  
All I need, all I need, you and me
