

# Believe In

Eamon

Been on my own, God knows how long  
Kicked up that dirt 'til I found my home  
These broken chains is heaven sent  
Once was to blame now innocent

From a dead mans call  
But I gave it all  
To the ones who fall  
Never ever can you trust the lie

Hearts turn cold  
No matter the season  
Weak ones fold  
Ain't no one to believe in, believe in  
No such thing as luck, knuckle up  
It's a long hard road ahead, buckle up  
Truth be told that as long as I'm breathin'  
I'm believin'

I seen the greats get left behind  
And I watched the worst move up the line  
I spoke my peace and I made my bed  
I poured it out 'til there's nothing left

From a dead mans call  
But I gave it all  
To the ones who fall  
Never ever can you trust the lie

Hearts turn cold  
No matter the season  
Weak ones fold  
Ain't no one to believe in, believe in  
No such thing as luck, knuckle up  
It's a long hard road ahead, buckle up  
Truth be told that as long as I'm breathin'  
I'm believin'

From a dead mans call  
But I gave it all  
To the ones who fall  
Never ever can you trust the lie

Hearts turn cold (cold)  
No matter the season (no)  
Weak ones fold (fold)
