

# Burn It Up

Eamon

I'm the fool a sucker too 'cause who I'm praying to  
I'm painted as the enemy, 'cause I don't do what they tell me  
This juggernaut of ones who mock and sell souls for a shot  
Have the nerve to curse your name, laugh at you call you lame

But nothing, nothing compares to when I get to see your face  
So I can't, I can't, I can't wait

'Cause boy it's gonna be hot  
When the whole world goes down in flames (just burn it up yeah,  
burn it up yeah)  
Yeah it's gonna be hot  
When the whole world goes down in flames (just burn it up yeah,  
burn it up yeah)

I don't fear no one who bares the same flesh that I wear  
Nothing in the world scare me, I pity those that don't know he  
Denying you, 'cause lies hate truth, they read and watch the ne  
ws  
The media mutes your name, politicians use for gain, yeah

But nothing, nothing compares to when I get to see your face  
So I can't, I can't, I can't wait

'Cause boy it's gonna be hot  
When the whole world goes down in flames (just burn it up yeah,  
burn it up yeah)  
Yeah it's gonna be hot  
When the whole world goes down in flames (just burn it up yeah,  
burn it up yeah)

If you don't wanna feel that fire like me and my friends, let m  
e hear you say whoa oh (whoa oh), whoa oh (whoa oh)  
So if you wanna crush that liar, join me and my friends. Let me  
hear you say whoa oh (whoa oh), whoa oh (whoa oh)

Nothing, nothing compares to when I get to see your face  
So I can't, I can't, I can't wait

'Cause boy it's gonna be hot  
When the whole world goes down in flames (just burn it up yeah,  
burn it up yeah)  
Yeah it's gonna be hot  
When the whole world goes down in flames (just burn it up yeah,  
burn it up yeah)  
Boy it's gonna be hot  
When the whole world go down in flames
