

## Do It All Again

Eamon

Made my way out of New York  
By the skin of my teeth  
Tell my mother I'm sorry  
A man must do what he needs

Ain't no stoppin' in Memphis  
Driving all through the night  
Lord forgive my transgressions  
Ain't got nowhere to hide

Killed a man out in Bedford Stuyvesant last night  
(I'd do it all again, do it all again)  
Wasn't planned but I'd do it all again on sight  
(I'd do it all again, do it all again)  
Alright, doing alright

Shot a man for my woman  
Put his hands on my bride  
Caught him outside his building  
Beggin' for his life

Ain't no stopping in Texas  
Driving 'til the sunrise  
Lord forgive my transgressions  
Caught a body last night

Killed a man out in Bedford Stuyvesant last night  
(I'd do it all again, do it all again)  
Wasn't planned but I'd do it all again on sight  
(I'd do it all again, do it all again)  
Alright

A 38 from pops  
Told me if I use it never warn him  
There can't be warnings  
Pain begets pain now somebody's momma's out here mourning  
I'm sorry momma

Killed a man out in Bedford Stuyvesant last night  
(I'd do it all again, do it all again)  
Oh! Woo!  
Wasn't planned but I'd do it all again on sight  
(I'd do it all again, do it all again)  
Alright! Woo hoo!

(I'd do it all again, do it all again)

(I'd do it all again, do it all again)
