Fly

Eamon

Too much, let get me down
She fun, upside my frown
Heartache, got me out my mind
Big time, put in the sky

Over, she gets me over (she gets me over)
Over, it gets me over (it gets me over yeah)
Over, she gets me over (ah ah ah)
Over, it gets me over (ahh!)

Fly, fly (watch me I'm so high), I ain't coming down
Fly, fly (watch me I'm so high), I ain't coming down

Go fast, yeah I'm speeding now
Can't crash, come and watch me now
From a night train, on a Georgia line
I'm a first class, baby make me fly

Over, she gets me over (she gets me over)
Over, it gets me over (and it got me now now now now now now)
Over, she gets me over (she gets me over baby woo)
Over, it gets me over (it got me now)

Fly, fly (watch me I'm so high), I ain't coming down
Fly, fly (watch me I'm so high), I ain't coming down

Come on. Good God. Watch me. So high I ain't never coming down

Fly, fly (watch me I'm so high), I ain't coming down
Fly, fly (watch me I'm so high), I ain't coming down
