

I Want You So Bad

Eamon

First I saw your gorgeous eyes,
then noticed your ass was fly
I just thought we could have fun,
I could show you affection.

I want you so bad girl, I want you, I need you so bad.
I want you so bad girl, I want you, I need you.

I will make your life complete, just sit back and have a seat,
let my lips just touch your lips, then I'll move down to your hips.

I want you so bad girl, I want you, I need you so bad.
I want you so bad girl, I want you, I need you so bad.

Check it out girl, don't waste time
Check it out girl, your to damn fine
Check it out girl, just let go
Check it out girl, let it flow

I can show you who's the man, let me show you with my hands.
I just want you close to me, I'll get you wet, just wait and see.

I want you so bad girl, I want you, I need you so bad.
I want you so bad girl, I want you, I need you so bad.
I want you so bad girl, I want you, I need you so bad.
I want you so bad girl, I want you, I need you so bad.

Touchin, and kissin, and lickin you right, never letting go.
Touchin, and kissin, and lickin you right, never letting go.

Check it out girl, don't waste time
Check it out girl, your to damn fine
Check it out girl, just let go
Check it out girl, let it flow

I want you so bad girl, I want you, I need you so bad.
I want you so bad girl, I want you, I need you so bad.
I want you so bad girl, I want you, I need you so bad.
