Real Pro

Eamon

(That's what I'm gonna do
Baby
That's what I plan to do)

(Yep
Yeah)

I'm 'bout to bless the world again
Got chickens drippin', wishin' with my pen
Gonna sell millions on top of millions
I'm just gonna blow

And I been waitin' all my life
And I been havin' big dreams times twice
(Never thinkin' different)
Feel the making of a real pro
Lovin' it

It's like, "Who's that?"
Hear the tone, they know E's back
Feel the clap, it's like pure gold
Like the millions I sold

And I been waitin' all my life
And I been havin' big dreams times twice
(Never thinkin' different)
Feel the making of a real pro
Lovin' it

Bringin' it oh-so-right
Man, I feel oh-so-high
Never knew E's so nice
Droppin' hits 'til I die

People told me never, never, ever would I make it
Never, ever understood the hatred
Saw the chance and damn, I had to take it
(That's what I'm gonna do)

It's like, "Who's that?"
Hear the tone, they know E's back
Feel the clap, it's like pure gold
Like the millions I sold

And I been waitin' all my life
And I been havin' big dreams times twice
(Never thinkin' different)
Feel the making of a real pro
Lovin' it
Lovin' it

(Ho-wop!)
