

Runnin' Around

Eamon

Take me to the brink
Darkness when I blink (ooh ooh)
So much noise in my head
All my life
Teach me how to fly
Take me on a ride (ooh ooh)
Cause I'm curled up in my bed saying
Rescue me

Oh, you can see me
Runnin' and runnin' and runnin' around
Runnin' around, runnin' around
Runnin' and runnin' and runnin' around
Runnin' around, runnin' around
Never, never, never
Never ever will I fold

Watch him make it go
Takes me high when I'm low (ooh ooh)
Nothing I seen like this
In my life
Bet you I forget
Right back where I left (ooh ooh)
All those times you helped me
Out of sight

Oh, you can see me
Runnin' and runnin' and runnin' around
Runnin' around, runnin' around
Runnin' and runnin' and runnin' around
Runnin' around, runnin' around
Never, never, never
Never ever will I fold

Oh, you can see me
Runnin' and runnin' and runnin' around
Runnin' around, runnin' around
Runnin' and runnin' and runnin' around
Runnin' around, runnin' around
Never, never, never
Never ever will I fold

Never, never, never, never
Never ever will I fold
