

Step By Step

Eamon

Teach me things like a school boy
Feed me good like a chef do
Rub my back when I get home
Got me feeling like a king too

Listening when I hold her
Lift her up when she look down
Always speak with a soft tone
Make her feel like a queen now

Ooh child we don't play no games
And oh my ya can't put out this flame oh

Step by step we move
'Cause I ain't with no fool
So if slide I right, she by my side
So we don't miss a groove (oh)

Step by step we move
'Cause I ain't with no fool
So if slide I right, she by my side
So we don't miss a groove (woo ooh)

She my left when my right go
She the pusher of my dream
She the blanket when it gets cold
Got me feeling like a king now

I'm the melody for her song
Big umbrella when it rains
Bearing gifts when I get home
Make a feel like a queen now

Ooh child we the greatest team
And oh my can't nothing come between ooh

Step by step we move (woo hoo)
'Cause I ain't with no fool (I ain't with no fool no)
So if slide I right, she by my side
So we don't miss a groove (oh)

Step by step we move (haa yaa)
'Cause I ain't with no fool
So if slide I right, she by my side
So we don't miss a groove (woo ooh)

So take my hand
And let me show you

Ooh child we the greatest team
And oh my can't nothing come between woo

Step by step we move (I'll tell ya once again yeah)
'Cause I ain't with no fool (I ain't with no fool no)
So if slide I right, she by my side
So we don't miss a groove (woo)

Step by step we move
'Cause I ain't with no fool
So if slide I right, she by my side
So we don't miss a groove
