

I Ain't Crazy

Earl Thomas Conley

I've been working all week
Oh but I got it done
And that's a little too long
To wait to have some fun
I'm going out on the town
Yeah I'm ready to rock
I'm gonna feed that ol' jukebox
Till opportunity knocks

Oh most of the time I'm walking the line
But tonight I don't care
I ain't crazy
But I can get there

There's a full moon crowd
Beneath the neon sky
And this ol' watering hole
Is sure running over tonight
I've got some money to burn
All I need is a friend
Someone to pull me up
Should I go off the deep

Oh most of the time I'm walking the line
But tonight I don't care
I ain't crazy
But I can get there

Oh you weekend warrior's better move it over I'm ready tonight
Ooh I get a little too risky on the whiskey boy's will somebody
drive

Yeah most of time I'm walking the line
But tonight I don't care
I ain't crazy
But I can get there
