

Yeah, cocaine cannot kill my pain  
Cocaine cannot kill my pain  
Cocaine cannot kill my pain  
Like a freight train through my vein  
Cocaine cannot kill my pain

Now whiskey got no hold on me  
Whiskey got no hold on me  
Whiskey got no hold on me  
Left them chains in Tennessee  
Whiskey got no hold on me

Now don't come knockin' on my door  
Girl, don't come knockin' on my door  
Don't come knockin' on my door  
Even that won't work no more  
Don't come knockin' on my door

'Cause heroin is the only thing  
Heroin is the only thing  
Heroin is the only thing  
The only gift the darkness brings  
Heroin is the only thing

Guess you'd best leave me alone  
Guess you'd best leave me alone  
Guess you'd best leave me alone  
At least until these blues have gone  
Guess you'd best leave me alone

'Cause cocaine cannot kill my pain  
Cocaine cannot kill my pain  
Cocaine cannot kill my pain  
Like a freight train through my vein  
Cocaine cannot kill my pain
