

Sunset Highway

Steve Earle

Lately I got worry and woe on my mind
I been thinkin' 'bout leavin' my trouble behind
Something's callin' and I follow it down
Past the darkness on the edge of town
I'll be rollin' down a sunset highway

Heard about it in a dream or was it a song
Out West where I'll be free or maybe I'm wrong
Doesn't matter 'cause it's too late now
Made my mind up ain't no stoppin' me now
I'm rollin' down a sunset highway
I'm rollin' down a sunset highway

Ain't no reason or rhyme for the things that I've done
Just a matter of time and it's finally come
Tell the boys that I wish them the best
Nothin' ever lasts wherever I guess
And I'm rollin' down a sunset highway
I'm rollin' down a sunset highway
I'm rollin' down a sunset highway
