Been A Long Time

Earshot

Yeah I was broken in the pieces
Feeling down most the time
Convinced I was meant to be alone
And when my strength became my weakness
It seemed the stars lost all light
I couldn't forgive, I couldn't forget

No one knows what it's like
That's what I tell myself
I'm trying hard to find a way
It's been forever and a day
Just wanted to let you know that

I
I'm doing fine
I know it's been a long time
If you're out there just give me a sign
An answer of some kind
Something that I can go by

Sometimes I lose my mind
Breathing shallow breaths
Hanging by the edge
And it feels so lonely
Yes, it feels so lonely
Out here on the edge

No one knows what it's like
That's what I tell myself
I'm trying hard to find a way
It's been forever and a day
Just wanted to let you know that

I
I'm doing fine
I know it's been a long time
If you're out there just give me a sign
An answer of some kind
Something that I can go by

Hey, I don't wanna live the life alone
Hey, I don't wanna live the life alone
This life alone, no

Hi
I'm doing fine
I know it's been a long time
If you're out there just give me a sign
An answer of some kind
Something that I can go by
