

# Higher

Earshot

Deaf, blind and speechless  
My heart's my weakness  
Feel so lost  
Up in sweetness  
Up right in bleakness  
Feel so cross

Arms to the ceiling  
Outstretched and reaching  
I wanna be  
Uncomplicated  
I want it so much

Higher  
I turn this spark into  
Fire  
My burning heart's desire  
Takes me  
Higher  
From my hell

My [?] conceal it  
Laughing from winning  
That's all stuck  
My conscience bitches  
Taunting my demons  
Hurts so much

Arms to the ceiling  
Outstretched and reaching  
I wanna be  
More than a feeling  
I want it so much

Higher  
I turn this spark into  
Fire  
My burning heart's desire  
Takes me  
Higher  
From my hell  
From my hell

On fire

Higher  
I turn this spark into  
Fire  
My burning heart's desire  
Takes me  
Higher

Sometimes this will all  
Come full circle  
If I could live  
If I could live  
In this fire

Take me  
Higher  
From my hell

From my hell
