

# I Hate You

Earshot

Do you know who your enemies are? One day they all will  
reap what they sow.

So wake up, let me hear you, let me feel you, let's go!  
hey! WOO! hey... for... hey...

You lie and teach me shit, and try to tell me how I  
feel.

I yell and scream and tell you things that you don't  
want to hear.

You try and try to make me think that I can touch the  
sky. (she'd like to think I'm crazy.)

R: YEA! I've got a message for you, listen to me yourself.

I've got a message for you, I HATE YOU!

HATE!

Verse II

Brace yourself because we're gonna catch on. (catch  
on.)

And when your leverage breaks, there'll be no where to  
run. So long!

You keep talkin' all that shit you talk... why don't  
you come talk it to me?

R: (2x)

I HATE YOU!

I HATE YOU!

I HATE YOU!
