

## Shiver

Earth Crisis

Shiver

Discordant shrieks ring from every side  
To echo down the halls  
Soulless eyes stare into mine  
Apathetic to the agony  
That their hands inflict upon me  
The tormentors are emotionless  
Yearning for our last heartbeat  
Our escape's impossible from their ghoulish acts  
Soulless eyes stare into mine  
Apathetic to the agony  
That their hands inflict upon me  
The tormentors are emotionless  
Quaking in terror

As the figures meet our gaze  
Restrained beneath the light as their scalpels raise  
Locked in constraints as blades slice through our skin  
Blood spills from the wounds as the torture begins  
Devices inserted the current courses in  
Jaws and limbs waver in silent motion  
Shiver  
Shiver  
Soulless eyes stare into mine  
Apathetic to the agony  
That their hands inflict upon me  
The tormentors are emotionless
