## **Back on the Road**

## Earth, Wind & Fire

Time to get back on the road Gonna leave these troubles behind Time to carry the load Oh, but my life is a true design

You won't reach me by phone 'Cause I'll be moving 'round between the line Time to get back on the road Gonna mend this heart of mine

Don't you cry, when I say goodbye Baby, baby, carry on Don't you cry, when I say goodbye Baby, you're not alone

The love that we shared was grand But not enough to keep me still I hope someday you understand Music gives my heart a thrill

Don't you cry, when I say goodbye Baby, baby, carry on Don't you cry, when I say goodbye Baby, you're not alone

Don't you cry, when I say goodbye Baby, baby, carry on Don't you cry, when I say goodbye Baby, you're not alone

Don't you cry, when I say goodbye Baby, baby, carry on Don't you cry, when I say goodbye Baby, you're not alone
