

Celebrate

Earth, Wind & Fire

Go celebrate yeah, go celebrate yeah
Go celebrate yeah, go celebrate

Seasons change, they rearrange
So why can't you and I, say why? Can't you and I, say why?
Thoughts we find, are so unkind
We often have to cry, but why? We have to cry, but why?

Celebrate, change your thoughts to love
Celebrate, what you're thinking of
Time ain't long, soon we'll be moving, moving on

Celebrate, change your thoughts to love
Celebrate, what you're thinking of
Time ain't long, soon we'll be moving, moving on

Nature's way for her to say in perfect harmony
With me in harmony, with me
Find your place, your past erased for life's new destiny
With me your destiny, with me

Celebrate, change your thoughts to love
Celebrate, what you're thinking of
Time ain't long, soon we'll be moving, moving on, oh

Celebrate, change your thoughts to love
Celebrate, what you're thinking of
Time ain't long, soon we'll be moving, moving on
