

Dance Dance Dance

Earth, Wind & Fire

Come on and dance, dance, dance
Won't you dance, dance, dance
Come on and dance, dance, dance
Won't you dance, dance, dance
Come on and dance, dance, dance
Won't you dance, dance, dance
Come on and dance, dance, dance

Let the fun begin
I'm so glad to see you
And I'm hoping that you feel the same

Come on and dance, dance, dance
Won't you dance, dance, dance
Come on and dance, dance, dance

Just to dance with you is my only intention
I don't even have to know your name

Come on and dance, dance, dance
Come on and dance
Come on and dance, dance, dance

I wanna let you know
I wanna dance with you
Just wanna let you know

I wanna dance with you, with you

Come on and dance, dance, dance
Won't you dance, dance, dance
Come on and dance, dance, dance

The time is right to light up the night
So come on
Let's take it to the floor

Come on and dance, dance, dance
Won't you dance, dance, dance
Come on and dance, dance, dance

I promise you that when we're through
You know you wanna dance with me some more

Come on and dance, dance, dance
Won't you dance, dance, dance
Come on and dance, dance, dance

I wanna let you know
I wanna dance with you
Just wanna let you know
I wanna dance with you, with you
