Earth, Wind & Fire

Feelin', happy feelin'
In the music that we're givin'
Feel the power every hour
Every moment that we're livin'

Little babies, tell the story
Of Mother Nature and its glory
Share the feelin' with your brother
Don't stop carin' for one another, alright

Little babies, tell the story
Of Mother Nature and its glory
Share the feelin' with your brother
Don't stop carin' one another

There's a reason that we're pleasing
What you're yearnin' life's a burnin'
In the music hear the message
All the feelin' is a blessin', oh yeah

Ooh feelin', feelin'
Happy feelin', feelin' feelin' feelin'
Feelin' feelin'

Make ya groove
