I really love the little things  
Little things you say to me  
Like tellin' me everyday  
That I'm your world

I really love the way you kiss  
Kiss me everytime  
Everytime I see your  
Beautiful face

Girl everything you do  
Feels good  
When I'm close to you  
I feel so secure  
I love...

Love it when you  
Hold me  
So closely  
Feels good to me  
Everytime  
(repeat)

Baby I love the sweet perfume  
On your body  
Girl you know just how to get  
Me in the mood

Baby I love the way you call  
The way you call my name  
When we make love  
Over and over

Girl everything you do  
Feels good  
When I'm close to you  
I feel so secure  
I love...
