

In the Name of Love

Earth, Wind & Fire

I woke up feeling good today
Gonna make good with things I say, yeah, yeah
Never forgettin' from where I come
Or my people, who I love

I'm singing for the people in the name of love
Let your voices ring
Sing a little louder in the name of love
Let every heart sing

Reminisclin' on what we've done
All around the world I'm speakin' of
Just the good things, wanna focus on
All the bad, bad, bad will turn to stone

I'm singing for the people in the name of love
Let your voices ring
Sing a little louder in the name of love
Let every heart sing

I'm singing for the people in the name of love
Let your voices ring

We do it all in the name of love
We do it all in the name of love

Come on sing it now in the name of love
Come on keep it real
We need to know how you feel
Come on sing it now in the name of love
Get up and show, if you feel it

I'm singing for the people in the name of love
Let your voices ring
Sing a little louder in the name of love
Let every heart sing

We do it all in the name of love
We do it all in the name of love
We do it all in the name of love
We do it all in the name of love

I'm singing for the people in the name of love
Let your voices ring
Sing a little louder in the name of love
Let every heart sing

We do it all in the name of love
We do it all in the name of love
We do it all in the name of love
We do it all in the name of love

In the name of love, in the name of love
In the name of love, in the name of love
In the name of love, in the name of love
In the name of love, in the name of love

In the name of love, in the name of love
In the name of love, in the name of love
In the name of love, in the name of love
In the name of love
