

Rock It

Earth, Wind & Fire

Yeah, peace to all the wonderful people
In the East, in the West, in the North, in the South
Yeah, EWF comin' at ya, '96 style

Let us run it down on yawl now
Energy inspires
Dino hypes the place 'pon bass how
Crowds heat up the fire

'95 found high night flyin'
Tight as Sonne E
Mo Pleasure chords towards groovin' yours
We mash up St. Marteen and it's all good

We dig each gig together, gettin' down to business
We're just hittin' yo town tonight
Come on, get on, let's live this thing forever
Ain't no limits on night flyin', aw, just get on down

Soul people, get on down, yo love's showin'
Soul people, yo love's showin'

Soul people, keep it on, yo love's showin'
Slick, this feelin's peace
Teddy bear rock steady
Everybody's out their seat

World Wide live y'all make it bang
Why this thang is the one
Bus to plane, to bullet train
Just gettin' down and havin' fun

We dig each gig together, gettin' down to business
We're just hittin' yo town tonight
Come on, get on, let's live this thing forever
'Cause ain't no limits on night flyin', aw, get on down
Get on down, get on down

Keep it on, keep it on
Yo love's showin', keep it on
Keep it on, keep it on
Yo love's showin', keep it on

Keep it on, keep it on
Yo love's showin', keep it on
Keep it on, keep it on
Yo love is showin'

We dig each gig together
We're hittin' yo town tonight
Let's live this thing forever
Come on, get on, come on, get on

We dig each gig together
We're hittin' yo town tonight
Let's live this thing forever
Come on, get on, come on, get on

We dig each gig together
We're hittin' yo town tonight
Let's live this thing forever
Come on, get on, come on, get on

We dig each gig together
We're hittin' yo town tonight
Let's live this thing forever
Come on, get on, come on, get on
