

This Is How I Feel

Earth, Wind & Fire

Ooh, what a night
It's time to party, do your thang and make it right
Don't stop, do what you do
Just relax and let the groove take over you
Cause you know that,

I can't help the way I feel
Cause I'm so right tonight
This is how I feel (how I feel now)
Music moves me in every way

There's a party going on in here
And it don't stop til' the morning light
This is how I feel (how I feel now)
Music moves me left and right

Girl, I like what I see
Just sip back your drink & slide right next to me
The way you move, you look so fine
Makes me wanna get up on you one more time
(Ooh) Cause you know

I can't help the way I feel
Cause I'm so right tonight
This is how I feel (how I feel now)
Music moves me in every way

There's a party going on in here
And it don't stop til' the morning light
This is how I feel (how I feel now)
Music moves me left and right

Ooh, gonna shake your body baby (shake it to the groove)
Girl, you got me sweatin' (by the way your body moves)

Temperature is risin' (cause there's nothing else to do)
Do your thang (do your thang), do your thang (do your thang)

I can't help the way I feel
Cause I'm so right tonight
This is how I feel (how I feel now)
Music moves me in every way

There's a party going on in here
And it don't stop til' the morning light
This is how I feel (how I feel now)
Music moves me left and right

Ooh, ooh...
This is how I feel
Music moves me in every way now

Ooh, ooh...
This is how I feel

Music moves me left & right

I can't help the way I feel
Cause I'm so right tonight
This is how I feel (how I feel now)
Music moves me in every way

There's a party going on in here
And it don't stop til' the morning light
This is how I feel (how I feel now)
Music moves me left and right

Ooh, ooh...
This is how I feel
Music moves me in every way now

Ooh, ooh...
This is how I feel
Music moves me left & right

How I feel now...
How I feel now
Music moves me in every way now

How I feel now...
How I feel now
Music moves me left & right
