

Sugar Daddy

Eartha Kitt

I need the kind of man
Who will always understand
That certain of my needs can't be fulfilled
With elementary things
Like chokers, beads, and rings
Which cheerfully arrive without a bill

The kind of man I seek
The kind of man that reeks
With essence of gentility and style
He has to understand
A little girl's demands
He has to be a father to this child

I just want someone to hold me
I just want someone to scold me
Sugar Daddy
Sugar Daddy
Sterling silver and gold me

I just need someone to spank me
I just need someone to bank me
Sugar Daddy
Sugar Daddy
And when it's over, you'll thank me

I really don't ask much
I'm tired of going Dutch
I'm ready to be swept right off my feet
I promise I will try
To be the apple of his eye
He'll be so proud, he'll want to give me treats

I just need someone whose able
To send champagne to my table
Sugar Daddy
Sugar Daddy
Don't you just love me in sable?

He can be tough, he's Sicilian
If he will drop a few million
Sugar Daddy
Sugar Daddy
With him, I am a chameleon

I'm just a little girl
My head's still in a whirl
So many things my school did not provide
I can't make head or tails
Of profit loss or sales
I need a father figure for my guide

To while away a few hours
A simple flat at Trump Tower
Sugar Daddy
Sugar Daddy
Make the lease not yours, but ours

I will give to you gayly
Full account without failing
Sugar Daddy
Sugar Daddy
And I will compound it daily

If you are feeling quite randy
I know some things that are dandy
Sugar Daddy
Sugar Daddy
Let's keep your stockbroker handy

There is no need to employ me
You can simply enjoy me
Sugar Daddy
Sugar Daddy
Now and then, you'll me

I just want someone to hold me
I just want someone to scold me
Sugar Daddy
Sugar Daddy
Sterling silver and gold me

I just need someone to spank me
I just need someone to bank me
Sugar Daddy
Sugar Daddy
And when it's over, you'll thank me

I just need someone whose able
To send champagne to my table
Sugar Daddy
Sugar Daddy
Don't you just love me in sable?

He can be tough, he's Sicilian
If he will drop a few million
